1. In the main result, in Theorem 2.1 and in all the propositions (2.1) to (2.7), the statement “ $E\left(X_{i,n}^\alpha \mid X_{i,n} > t\right)$ ” should be replaced by “ $E\left(X_{i,n}^\alpha \mid X_{i-1,n} = t\right)$ ” for $i > 1$.
2. In Remarks 2.1 to 2.3. for $i = 1$, $E\left(X_{i,n}^\alpha \mid X_{i-1,n} > t\right)$ should be considered as $E\left(X_{i,n}^\alpha \mid X_{i,n} > t\right)$
3. The author thanks Professor G.G. Hamedani for pointing out the error.
